

ENROLLING INTO GIZMOS 2019-2020

1. Student can self-enroll into class. They must use the appropriate class code listed below

3rd Period UCONN Physics Code = QLPP7C
5th Period UCONN Physics Code = 4W7ZL3
7th Period CP Physics Code = 3MD7JC

2. Go to Gizmos website at: <http://explorellearning.com>

On the website, student should select “Login/Enroll” and enter their Class Code.

3. The student will get two choices:
 - a. I already have and ExploreLearning account, Login Now to Enroll
 - b. I need to create and ExploreLearning account, Register Now to Enroll

If you already have an account, student should select the first option, and log into their account to enroll into Mr. Goddard’s Class.

If you do not have an account yet, select the second option. The student will then enter profile information, including a username and password, and select “Submit”. This will both create their account and enroll them in the class. Please keep in mind that usernames must be unique within our system. If a username is not available, you’ll need to select another.
